Goos to Opera House

It was not until yesterday that it was decided whether "Under Cover," the dramatic vehicle in which H. B. Warner is starring, would play at the Burns theater or at the Opera house.

C. B. Casad, advance agent for the company, stated yesterday that the play would be given at the Opera house.

It was explained that through an error, the posters and bills were sent to the Burns while the contract was given to the Opera house. This happened several weeks ago, but it was not until yesterday that the matter was straightened out. After a meeting with the company of the two theaters yesterday it was decided to let the matter drop, as the mistake had been the agent's.

Keyful Anticipation

of Motherhood

There is apt to be a latent apprehension of distress to the mother.

But this is quite overcome by the advice of so many women to use "Mother's Friend."

This is an external application designed to soothe the muscles and to thus relieve the nervous reaction of the nerves that the natural strain upon the cords and ligaments is not accompanied by them, severe as it is, and to cause nausea, morning sickness and other local distress.

Many people believe that those remedies which have stood the test of time, that is, a put to every trial under the sun, are the best. "Mother's Friend" has been in use for over 20 years, and is known by all who use it.

It is a fact that it is the only remedy of its kind that is not only safe, but also effective.

Gold Mines Will Open to Party of Visitors Camp Will Show Resources to Business Men

Preparations for the visit to Cripple Creek of Colorado Springs and Denver brokers and business men are nearing completion, and the trip promises to be one of the biggest things of its kind ever undertaken in the Trixie Peak region. It is estimated that the special train, leaving Denver at 11 o'clock Friday morning, will carry more than 200 from both cities. Two days will be given over to inspecting the gold camp, and Cripple Creek business men are planning to show their appreciation of the visit in various ways. Arrangements have been made to take moving pictures of the party, and these will be shown in many eastern theaters.

When the special train reaches Cripple Creek, the members of the party will be entertained at luncheon, at which the program for that afternoon and the next day will be outlined. Cripple Creek merchants and mine owners will pilot the visitors, and probably will take the party over the entire district of special interest, both on the high line and the Low line railways. The activities of the camp will be demonstrated and the trip will take the party past all the producing mines and mills. It will require most of the afternoon to make the tour, as a series of mines not yet completed around the big gold producer will be shown.

On Saturday morning an early start will be made for the mines. It is urged by the committee in charge that each member of the party select two or three mines which he most desires to see, so that separate groups may be made up for this purpose. Every mine will be open for inspection, not even excepting the treasure chambers of the Cripple Creek.

Business men in Colorado Springs are taking a great deal of interest in the trip and a number of reservations already have been made. It is more of a trip for the business men and investors than the "knickerbocker" and is intended to show the wonderful resources of the gold camp to the people. Cripple Creek realizes the advantages that will accrue from the adventuring such a trip will give them, and has lost no time in planning to make the excursion as interesting as possible.

Two Pullmans will be attached to the train at Cripple Creek in order to provide sleeping quarters for those who are unable to obtain accommodations at the hotels.

I. T. U. DELEGATES WILL STOP OFF IN SPRINGS

Big Party Going to Los Angeles Plans to Visit Here to Inspect National Home

Delegates to the annual convention of the International Typographical union, which will be held in Los Angeles, in August, are planning to stop off in Colorado Springs, according to word received yesterday at the Union Printers' home. An invitation has been extended to the delegates to visit the home and a program of entertainment will be arranged for them. The national association has a membership of about 50,000.

Efforts are being made to bring the 1915 convention to Colorado Springs, as that year marks the twenty-fifth anniversary of the founding of the Union Printers' home. The matter has been taken up by the local typographical union in cooperation with the conventions committee of the Chamber of Commerce, and it is thought there will be a good chance to bring the meeting here.

At a recent meeting of the union it was decided to start a campaign for funds, which will be devoted entirely to entertaining the delegates when they reach the Springs. Plans for a ball and reception at the Anders hotel are being made and it is expected there will be a large attendance. The dance will be held Wednesday evening, April 14, according to present plans. The special committee appointed to take charge of the affair consists of W. L. Reilly, C. J. Hinkley and E. D. Woodworth.

Special trains from Cleveland, St. Louis, Chicago and other cities have made arrangements to stop here and a large crowd of delegates is expected.

LOST MEMORY IN CHICAGO; REGAINS IT IN SPRINGS

Clement P. Brennan Picked Up Here, Following Mysterious Disappearance From His Home

Clement P. Brennan, who wandered away from his home in Chicago a week ago while in a dazed condition, the result of a fall from a ladder, has been located in Colorado Springs and is being held by the authorities pending the arrival of relatives.

Brennan, who is 36 years old, injured his head in a fall last week. He was suffering from a nervous breakdown and the result was temporary derangement. He came to Colorado Springs and since has been staying at a big white house on Tejon street. That was the only address he could give the police.

Brennan regained his memory here and immediately wired his father for funds. In this way he was located by the authorities. He was weak and very nervous. He said he had been without food much of the time for the last few days.

BIG SMOKE STILL PLAYING POSSUM WILLARD AND JONES BICKER ABOUT BATTLE AND THEN DISAGREE

**White Hope Wants to Quit Training If Bout
Is Postponed: Report Has Johnson En
Route for Some Mexican Port**

EL PASO, Tex., Feb. 23.—Jack Willard and his manager Tom Jones, had a disagreement today in the lobby of a hotel here. As a result, Willard declared that he would not continue his training until Jack Johnson appeared at Juarez for the boxing bout, which has been postponed indefinitely from March 6.

According to the spectators of the fight, Jones had told Willard that the fight had not been postponed. The big "white hope" has been training daily at a ranch near El Paso before large crowds of spectators. He stated in his disagreement with Jones that he would discontinue training in fear of overdoing it, such a long time before the battle occurred.

Jack Curley, promoter of the fight, had announced that the battle would not take place at least for a week after Johnson arrived at Juarez.

Br'er Johnson to Lie Low.

The whereabouts of Jack Johnson was not divulged today by the promoters of the Johnson-Willard fight at Juarez, which has been postponed from March 6 to some indefinite date. It was intimated that after Johnson's disappearance at Havana yesterday, he had sailed for some Mexican port.

It has been suggested that Johnson may attempt to enter Mexico through Manzanillo, a west coast port, which is reported to be about to fall into Villa's hands. This would give him a clear railroad passage to Juarez without passing through the lines of the troops of Carranza, who is reported as having ordered his officials to prevent the American negro's entrance on the ground that he is a fugitive from justice in the United States.

This plan would necessitate Johnson's crossing the continent through Guatemala, altogether a trip of a fortnight. Villa is not expected to capture any east coast port for several weeks.

HAVANA, Feb. 23.—Indications point to the probability that Jack Johnson, the famous pugilist, will abandon for the present his intention to proceed to Tampico in order to reach Juarez for the proposed fight with Joe Willard, originally to take place on March 6. No reply came today to Johnson's cable message to Gen. Venustiano Carranza requesting Carranza's permission for him to pass through the Constitution.

Lime Juice for Rheumatism

Lime Juice is recommended as a solvent for uric acid which is supposed to be the cause of rheumatism. It acts as an alkali and is said to be quite different in this respect from other fruit juices which are mostly acid in nature.

You'll find Rowe's Lime Juice a pure and delicious form of this valuable fruit juice and it can be made into a great many tempting beverages.

A tablespoonful in a glass of water morning and night is said to be sufficient to counteract the secretion of uric acid in the blood.
